

Olmstead Advisory Committee: Policy Recommendations for Diversion

The following chart summarizes the policy recommendations outlined in the May 2003 Olmstead Plan, as well as additional recommendations received by Olmstead Advisory Committee members and community stakeholders. Please note: the chart does not include recommendations from the Olmstead Plan that have already been implemented; please see separate Addendum document for this information.

Additional recommendations from the work group members are welcome and can be added; the purpose for developing this chart is to capture existing recommendations and begin to develop priorities and timelines to the focus Olmstead Advisory Committee recommendations related to diversion.

The Chart is organized into the following sections for Preventing/Diverting Institutionalization:

- A) Community Education/Awareness
- B) Caregivers – Paid and Unpaid
- C) Accessible and Affordable Housing
- D) Accessible Transportation Options
- E) Service Coordination
- F) Integrated Acute and LTC Services
- G) Diversion - Miscellaneous
- H) Community Capacity
- I) Employment
- J) Quality Assurance
- K) Assessment (note: The Assessment workgroup is also addressing these issues)
- L) Data (Note: The Data workgroup is also addressing these issues)
