**Q1** Define the problem: [Outline the challenge(s) your recommendation will address. Insert links to reports where appropriate.]

Rental costs are usually the second largest expense for most social enterprise providing services to seniors. Ongoing, flat federal and state funding is far outpacing earned revenue, donations or jurisdictional supplementation. Therefore, look to invest in facility investment and capital expenditures to fix the cost for the public good.

**Q2** Pick your Master Plan for Aging goal(s): [Check the goal(s) your recommendation aims to fulfill. View MPA Framework document for reference]

**Goal 1: Services & Supports. We will live where we choose as we age and have the help we and our families need to do so.**

,

**Goal 2: Livable Communities & Purpose. We will live in and be engaged in communities that are age-friendly, dementia-friendly, and disability-friendly.**

,

**Goal 3: Health & Well-being. We will live in communities and have access to services and care that optimize health and quality of life.**

,

**Goal 4: Economic Security and Safety. We will have economic security and be safe from abuse, neglect, exploitation, and natural disasters and emergencies throughout our lives.**

**Q3** Choose your MPA Framework objective: [Check the objective(s) your recommendation will accomplish. View MPA Framework document for reference.]

**Objective 1.1:** Californians will have access to the help we need to live in the homes and communities we choose as we age.

,

**Objective 1.2:** Californians of all ages will be prepared for the challenges and rewards of caring for an aging loved-one, with access to the resources and support we need.

,

**Objective 3.1:** Californians will live in communities with policies and programs that promote well-being throughout our lifespans.

,

**Objective 3.2:** Californians will have access to quality, affordable, and person-centered health care through delivery systems that are age-friendly, dementia-friendly and disability-friendly.

,

**Objective 4.1:** Californians will be economically secure throughout our life span with access to housing, food, and income as we age.

,

**Objective 4.2:** Californians will be protected from abuse, neglect, and exploitation as we age.

**Q4** Outline your recommendation: [In one to two sentences, sketch out your idea for the Master Plan for Aging.]

Incentivize local jurisdictions to include facilities for seniors service providers in their local planning and/or provide capital construction costs

**Q5** Identify and quantify your target population: [Describe which groups of Californians will be impacted by this recommendation, with numbers if available.]

depending on the amount of allocation this would impact higher cost of operating regions more impactful than other communities.

**Q6** Share your recommendations for an age-friendly California: [Insert detailed bullet points describing your Master Plan for Aging ideas.]

- promote increase alternatives to LTC such as CBAS and Adult Day programs
- increase nutritional meal supplements to meet community costs and provide rational to increasing higher cost areas.
- Invest in social service programs meeting the demands of communities through a share of cost model that charges local jurisdiction of use of resources to help fund programs through property tax revenues.

**Q7** Provide any supporting evidence for your recommendation: [Add links or summaries of research evidence that support your unique vision.]

I will resubmit a more specific recommendation at a later time.

**Q8** Give examples of local, state or national initiatives that can be used as an example of best practices: [Provide any available links and sources.] Local: State: National: Other:

San Francisco did this with social service providers as has San Jose to ensure that nonprofits stay in the area.

**Q9** Provide a roadmap to implementation: [Insert any actions state agencies, legislators, counties, local government, or philanthropy can take to move this recommendation forward. Some of the entities listed below may or may not be applicable to each recommendation.] State Agencies/Departments: [action to be taken by Governor or specific state agencies] State Legislature: [legislation needed to implement recommendation] Local Government: Federal Government: Private Sector: Community-Based Organizations: Philanthropy: Other:

State legislature can enact a funding recommendation

local governments can champion a property tax bond, or initiative, Active advocacy needs to continue at the federal level

**Q10** Identify person-centered metrics: [What are the individual measures of inputs or outcomes that can be used to predict your recommended action's impact on people.]

increased service numbers, people improve health outcomes an access to services increased.

**Q11** Measuring Success: [Describe specific metrics that could be used to empirically measure the effectiveness of your recommendation]

there have been lots of studies on the impacts of site acquisition and support

**Q12** Measuring Success: [How would we know that the implementation of your recommendation is successful?]

Short term: By 2020...

**5 new facilities are built**

Mid term: By 2025...

**25 across the state**

Long term: by 2030...

**every county has one new facility**

**Q13** Provide data sources: [What existing data can be used to measure success or progress?]: Existing data sources: [specify datasets, variables, and data owner/location] Suggestions for data collection to evaluate implementation of this goal when no data sources exist:

**Respondent skipped this question**

**Q14** Identify potential costs and/or savings: [Provide any research, actuarial analysis or other evidence of the cost of, or potential savings from, implementing your recommendation.]

**Respondent skipped this question**

**Q15** Prioritize your recommendation: [How would you prioritize your recommendation relative to other needs/priorities?]

**High**
