Q1 Issue Statement: [State the problem your recommendation will address. Insert links to reports where appropriate.]

"Independent living" is only discussed in terms of the severely physically handicapped. Needs of healthy, low income seniors must be included in this discussion.

Q2 MPA Framework Goal #: [Check which goal/s this recommendation addresses. View MPA Framework document]

Goal 1: Services & Supports. We will live where we choose as we age and have the help we and our families need to do so.

,

Goal 2: Livable Communities & Purpose. We will live in and be engaged in communities that are age-friendly, dementia-friendly, and disability-friendly.

,

Goal 3: Health & Well-being. We will live in communities and have access to services and care that optimize health and quality of life.

,

Goal 4: Economic Security and Safety. We will have economic security and be safe from abuse, neglect, exploitation, and natural disasters and emergencies throughout our lives.

Q3 MPA Framework Objective #: [Check which objective/s this recommendation addresses. View MPA Framework document]

Objective 1.1: Californians will have access to the help we need to live in the homes and communities we choose as we age.

,

Objective 2.2: Californians will age with lifelong opportunities for social and civic engagement, volunteering, learning, and leadership.

,

Objective 3.1: Californians will live in communities with policies and programs that promote well-being throughout our lifespans.

,

Objective 3.2: Californians will have access to quality, affordable, and person-centered health care through delivery systems that are age-friendly, dementia-friendly and disability-friendly.

,

Objective 4.1: Californians will be economically secure throughout our life span with access to housing, food, and income as we age.

Q4 Recommendation: [Explain your recommendation in one to two sentences.]

Include healthy low income seniors in the planning for those needing "independant living" opportunities.

Q5 Target Population and Numbers: [Describe groups of Californians impacted by this recommendation, with numbers if available.]

Respondent skipped this question

Q6 Detailed Recommendation: [Insert detailed bullet points describing your recommendation.]

Respondent skipped this question

Q7 Evidence that supports the recommendation: [Add links or summaries of research evidence that support the recommendation. Provide links or summaries of research evidence that support your recommendation]

Respondent skipped this question

Q8 Examples of local, state or national initiatives that can be used as an example of a best practice: [Provide any available links and sources.] Local: State: National: Other:

Respondent skipped this question

Q9 Implementation: [Insert actions state agencies, legislators, counties, local government, or philanthropy can take to move this recommendation forward. Some of the entities listed below may or may not be applicable to each recommendation.] State Agencies/Departments: [action to be taken by Governor or specific state agencies] State Legislature: [legislation needed to implement recommendation] Local Government: Federal Government: Private Sector: Community-Based Organizations: Philanthropy: Other:

Every agency needs to include healthy low income seniors in their plans.

Q10 Person-Centered Metrics: [Individual measures of inputs or outcomes that can be used to measure the recommended action's impact on people.]

Respondent skipped this question

Q11 Measuring Success: [Describe specific metrics that could be used to empirically measure the effectiveness of your recommendation]

Respondent skipped this question

Q12 Measuring Success: [How would we know that the implementation of your recommendation is successful?]

Respondent skipped this question

Q13 Data Sources: [What existing data can be used to measure success or progress?]: Existing data sources: [specify datasets, variables, and data owner/location] Suggestions for data collection to evaluate implementation of this goal when no data sources exist:

Available HUD subsidized housing units vs demand for low income housing for healthy seniors. Waiting lists in many localities are long and the wait can be several years.

Q14 Potential Costs/Savings: [insert any research, actuarial analysis or other evidence of the cost of this recommendation or potential savings]

Respondent skipped this question

Q15 Prioritization: [How would you prioritize your recommendation relative to other needs/priorities?]

High
